Russian Civil-Military Relations and the Origins of the Second Chechen War - Szászdi, Lajos F. - 2008-08-29
This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin. This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia, in particular. The author explains the ideology of Neo-Eurasianism, which in turn inspires the policy-thinking of the Kremlin. Also studied is Putin's origins in the KGB, from the previous posts of Secretary of the Security Council and Director of the FSB, and his rise to power in the crucial year of 1999, when he became Russian Prime Minister. The author highlights the continuing trend of appointing high-ranking officers of the Russian intelligence community to senior positions in the government, studying this in the context of Russian civil-military-intelligence relations. The author reached the conclusion, back in 2003, that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government. The author returns to the Kosovo Crisis of 1999, discussing also the motives that led the Kremlin and Putin to invaded Chechnya for a second time in a decade. Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo-Eurasianist ideology that is behind the two invasions are examined. This book will help the reader understand Russia's current and future distribution of power in the Caucasus, the Balkans and the world at large, Moscow's search for a multipolar world, and its opposition to U.S. hegemony.

Many people have been instrumental in helping see this book through to completion. First, I want to thank Robbin Laird, not only for his professional encouragement over the years, but especially for his suggestion to do this book in the first place. Nor would this effort have been possible—or nearly as enjoyable—without the support and friendship of Susan McEachern. I would also like to thank Jackie Evans for her assistance in helping to prepare the manuscript.

Now in its third edition, The Defense Policies of Nations has been thoroughly updated to take into account the dramatic developments of recent years: the dissolution of the Soviet Union, the resurgence of East Asian powers, the emergence of newly independent nations in Eastern Europe, the continuing instability of the Middle East, and the growing importance of third world nations in global security matters. "For those dealing with national defense issues on a daily basis, or even for those interested in the subject because of its current relevance, The Defense Policy of Nations is must reading." -- Gen. Theodore J. Conway, Military Review. American Academy of Political and Social Science.

Theodore J. Conway, Military Review. American Academy of Political and Social Science.

The Military History of the Soviet Union and The Military History of Tsarist Russia treat Russian military history from the rise of the Muscovite state to the present, even peeking briefly into the future. The two volumes will cover Russia's land forces extensively, but will also cover the development of the Russian Navy, and the creation and development of the Russian Air Force, parts of the Russian military machine which are frequently neglected in general writings. The historical analysis will address the development and function of the Russian military whether in peace or in war, as well as the impact of war and changes in the military upon Russian society and politics.

The T-54, T-62 and T-72 main battle tanks along with the personnel carriers, assault guns, self-propelled guns and anti-tank missiles that are illustrated in this photographic history represent the high point in the design and manufacture of armoured vehicles by the Soviet Union during the Cold War. Although the superpowers never came to blows, the 'Cold War' was far from cold, as numerous 'hot' proxy wars were fought in Africa and the Middle East, and these conflicts employed the Soviet weaponry that is shown in action in the colour and black-and-white photographs selected for this book. Between the 1950s and 1980s Soviet and Warsaw Pact countries produced thousands of tanks and armoured vehicles ready for the Third World War. They embarked on a technological arms race with the NATO allies in an attempt to counter each new piece of equipment as it appeared in service. Much of this Soviet weaponry has achieved almost iconic status and, despite its age, remains in service with armies, guerrilla forces and terrorist organizations around the world today. It is also of enduring interest to collectors, re-enactors and modellers who are fascinated by the military equipment of the late twentieth century.

As aggressive, relentless, and stubborn as ever, Alex crisscrosses Europe through a web of intrigue, danger, and betrayal, joined by a polished, mysterious new partner. With echoes of classic detective and suspense fiction from The Maltese Falcon to The Da Vinci Code, Midnight in Madrid takes the reader on a nonstop spellbinding chase through a modern world of terrorists, art thieves, and cold-blooded killers.

**Midnight in Madrid** - Noel Hynd - 2009-08-01

When a mysterious relic is stolen from a Madrid museum, people are dying to discover its secrets. Literally. U.S. Treasury agent Alexandra LaDuca returns from Conspiracy in Kiev to track down the stolen artwork, a small carving called The Pietà of Malta. It seems to be a simple assignment, but nothing about this job is simple, as the mysteries and legends surrounding the relic become increasingly complex with claims of supernatural power. This book gives readers insight into the major issues and events surrounding American presidential elections across more than two centuries, from the earliest years of the Republic through the campaigns of the 21st century. • Introduces readers to the how and why of every American presidential election in history through plain-English analyses...
Campaigning for President in America, 1788-2016 - Scott John Hammond - 2016-04-25
What does it take to get elected president of the United States—"leader of the free world"? This book gives readers insight into the major issues and events surrounding American presidential elections across more than two centuries, from the earliest years of the Republic through the campaigns of the 21st century. It introduces readers to the how and why of every American presidential election in history through plain-English analyses written by national scholars of American politics. It presents a chronological account of presidential campaigns that showcases the key personalities, issues, and campaign themes as they emerged in American political history. It examines recent presidential elections of the 21st century in detail. It decodes confusing campaign jargon and political insider terminology, especially for the ever-changing campaigns of the 21st century.

Cold War Gone Hot - Ambush Alley Ambush Alley Games - 2011-11-20
"My fellow Americans, I'm pleased to tell you today that I've signed legislation that will outlaw Russia forever. We begin bombing in five minutes." – Ronald Reagan, 1984. With these words, spoken as a sound check to a radio broadcast, President Reagan came dangerously close to igniting the long-simmering Cold War. Although Soviet forces were placed on alert following reports of this comment, the full-scale conflict between the West and the Soviet Bloc did not break out. Cold War Gone Hot, the latest companion volume for Force on Force, looks at the 44-year history of the Cold War and asks: "what if?" With the orders of battle, vehicle stats and missions included in this volume, Force on Force players can simulate the advance of Soviet tanks across Western Europe, a thrust into Alaska, or any number of other plausible scenarios where history took a slightly different path.

Essays in German History - F. L. Carsten - 1985-07-01
F. L. Carsten has probably been the most influential historian of Germany writing in English over the past forty years. His work is remarkable for its ability to span the course of German history from the late middle ages to the present. This book brings together a substantial collection of Professor Carsten's work that has appeared as articles.

The Russian - Noel Hynd - 2011-04-19
A thrilling compilation of three complete novels from bestselling author Noel Hynd's Russian Trilogy. Conspiracy in Kiev A shrewd investigator and an expert marksman, Special Agent Alexandra LaDuca can handle any case the FBI gives her. Or can she? While on loan from the US Department of the Treasury, Alex is tapped to accompany a Secret Service team during an
Kiev and continued in Madrid find their culmination in the volatile Middle watch over Yuri Federov, the most charming and most notorious gangster in the region. Midnight in Madrid When a mysterious relic is stolen from a Madrid museum, people are dying to discover its secrets. Literally. The Russian Revolution 1917 - Nikolai Nikolaevich Sukhanov - 2014-07-14
Author of the only full-length eyewitness account of the 1917 Revolution, Sukhanov was a key figure in the first revolutionary Government. His seven-volume book, first published in 1922, was suppressed under Stalin. This reissue of the abridged version is, as the editor's preface points out, one of the few things written about this most dramatic and momentous event, which actually has the smell of life, and gives us a feeling for the personalities, the emotions, and the play of ideas of the whole revolutionary period." Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Adventures in Literature Series - 1963
Adventures in Literature Series - 1963

“This magnificent love letter to Rome” (Stephen Greenblatt) tells the story of the Eternal City through pivotal moments that defined its history—from the early Roman Republic through the Renaissance and the Reformation to the German occupation in World War Two—“an erudite history that reads like a page-turner” (Maria Semple). Rome, the Eternal City. It is a hugely popular tourist destination with a rich history, famed for such sites as the Colosseum, the Forum, the Pantheon, St. Peter’s, and the Vatican. In no other city is history as present as it is in Rome. Today visitors can stand on bridges that Julius Caesar and Cicero crossed; walk around temples in the footsteps of emperors; visit churches from the earliest days of Christianity. This is all the more remarkable considering what the city has endured over the centuries. It has been ravaged by fires, floods, earthquakes, and—most of all—by roving armies. These have invaded repeatedly, from ancient times to as recently as 1943. Many times Romans have shrugged off catastrophe and remade their city anew. “Matthew Kneale [is] one step ahead of most other Roman chroniclers” (The New York Times Book Review). He paints portraits of the city before seven pivotal assaults, describing what it looked like, felt like, smelled like and how Romans, both rich and poor, lived their everyday lives. He shows how the attacks transformed Rome—sometimes for the better. With drama and humor he brings to life the city of Augustus, of Michelangelo and Bernini, of Garibaldi and Mussolini, and of popes both saintly and very worldly. Rome is “exciting…gripping…a slow roller-coaster ride through the fortunes of a place deeply entangled in its past” (The Wall Street Journal).

In Flanders Fields: 100 Years - Amanda Betts - 2015-10-27
A beautifully designed collection of essays on war, loss and remembrance to commemorate the 100th anniversary of the writing of Canada's most famous poem. In early 1915, the death of a young friend on the battlefields of Ypres inspired Canadian soldier, field surgeon and poet John McCrae to write "In Flanders Fields." Within months of the poem's December 1915 publication in the British magazine Punch it became part of the collective consciousness in North America and Europe, and its extraordinary power has endured over the decades and across generations. In this anthology, Canada's finest historians, novelists and poets contemplate the evolving meaning of the poem; the man who wrote it and the World War I setting from which it emerged; its themes of valour, grief and remembrance; and the iconic image of the poppy. Among the thirteen contributors: Lieutenant-General Roméo Dallaire (ret'd) writes about the emotional meaning of the poem for war veterans; Tim Cook describes the rich and varied life of McCrae; Frances Itani revisits her time in Flanders, and mines the acts of witnessing and remembering; Kevin Patterson offers a riveting depiction of the adrenaline-fueled work of a WWI field surgeon; Mary Janigan reveals the poem's surprisingly divisive effect during the 1917 federal election; Ken Dryden tells us how lines from the poem ended up on the wall of the Montreal Canadiens' dressing room; and Patrick Lane recalls a Remembrance Day from his childhood in a moving reflection on how war shapes us all. Gorgeously designed in full colour with archival and contemporary images, In Flanders Fields: 100 Years will reflect and illuminate the importance of art in how we process war and loss.
began: leader, visionary, guiding light. FDR’s death in 1945 changed her

**Eleanor Roosevelt, Volume 3** - Blanche Wiesen Cook - 2016-11-01

One of the New York Times's 100 Notable Books of 2016 One of NPR's 10 Best Books of 2016 "Heartachingly relevant the Eleanor Roosevelt who inhabits these meticulously crafted pages transcends both first-lady history and the marriage around which Roosevelt scholarship has traditionally pivoted." -- The Wall Street Journal The final volume in the definitive biography of America’s greatest first lady. “Monumental and inspirational...Cook skillfully narrates the epic history of the war years... [a] grand biography.” -- The New York Times Book Review Historians, politicians, critics, and readers everywhere have praised Blanche Wiesen Cook’s biography of Eleanor Roosevelt as the essential portrait of a woman who towers over the twentieth century. The third and final volume takes us through World War II, FDR’s death, the founding of the UN, and Eleanor Roosevelt’s death in 1962. It follows the arc of war and the evolution of a marriage, as the first lady realized the cost of maintaining her principles even as the country and her husband were not prepared to adopt them. Eleanor Roosevelt continued to struggle for her core issues—economic security, New Deal reforms, racial equality, and rescue—when they were sidelined by FDR while he marshaled the country through war. The chasm between Eleanor and Franklin grew, and the strains on their relationship were as political as they were personal. She also had to negotiate the fractures in the close circle of influential women around her at Val-Kill, but through it she gained confidence in her own vision, even when forced to amend her agenda when her beliefs clashed with government policies on such issues as neutrality, refugees, and eventually the threat of communism. These years—the war years—made Eleanor Roosevelt the woman she

world, but she was far from finished, returning to the spotlight as a crucial player in the founding of the United Nations. This is a sympathetic but unblinking portrait of a marriage and of a woman whose passion and commitment has inspired generations of Americans to seek a decent future for all people. Modest and self-deprecating, a moral force in a turbulent world, Eleanor Roosevelt was unique.
