Eventually, you will agree discover a further experience and carrying out by spending more cash, still when? realize you acknowledge that you require to get those all needs when having significantly cash? Why don’t you try to do something basic in the beginning? That’s something that will lead you to comprehend even more something like the globe, experience, some places, like history, amusement, and a lot more?

It is your totally own epoch to behave reviewing habit. in the midst of guides you could enjoy now is something basic in the beginning? Thats something that will lead you to comprehend even more something like the globe, experience, some places, like history, amusement, and a lot more?

This book reassesses the transformation of European diplomacy which took place at the beginning of the twentieth century. The author examines the diplomatic, economic, financial and strategic interests behind the desire to understand the aims of the British Diplomacy to win the war and the role Russia played in achieving this aim. British strategy is shown to be more the result of her relations with her allies, especially during the first years of the war, than a quarrel between Britain and. West. This revision of the accepted interpretation of the strategy leads to a reassessment of the views of Lloyd George, Kitchener and Grey. The author concludes that in 1917 the British interest in Russia remained as it was earlier in the war: the maintenance of a powerful ally on the eastern front.

Strategy and Supply (Basing House) - Keith Neilson - 2014-04-24

Based on a wide range of primary sources, this book shows how, in the way in which diplomacy, economics, finance and strategy became intertwined during the First World War. The author examines the diplomatic, economic, strategic and military interests behind the desire to understand the aims of the British Diplomacy to win the war and the role Russia played in achieving this aim. British strategy is shown to be more the result of her relations with her allies, especially during the first years of the war, than a quarrel between Britain and. West. This revision of the accepted interpretation of the strategy leads to a reassessment of the views of Lloyd George, Kitchener and Grey. The author concludes that in 1917 the British interest in Russia remained as it was earlier in the war: the maintenance of a powerful ally on the eastern front.

Insiders in the Enigma - Michael Hughes - 1997-07-01

The twentieth century has been fundamentally shaped by changes in Russia, where disaster in the First World War was followed by the fall of the Tsar. Nicholas II’s replacement first by Kerensky’s liberal government then by the Bolsheviks, the subsequent Civil War and foreign intervention, led to the erection of a system of state produced from the remnants of the old order, the regime which followed was a transformation of a tyranny previously unthought of. The Bolshevik regime, with its ideological hatred of other regimes, was a threat to the Tsar who developed a dynamic foreign policy. Both his motives and drive, and his effect on the British, are examined in view of how the Tsar’s policies played a role during the war of 1914-18, and oversaw the transition from Empire to Commonwealth, with the merger of the Foreign and Colonial Offices taking place in the 1920s. This book focuses on the challenges posed by waging world war and the process of peacemaking, as well as the diplomatic predicament of the Cold War. Contributions also discuss ways in which the Foreign and Commonwealth Office continues to mould the peacemaker and the future of modern diplomacy in the 21st century. This book was previously published as a special issue of the journal Contemporary British History.

The Foreign Office and British Diary - Gordon Martel - 2013-11-14

This book examines the evolvement of the Foreign Office in the 20th century and the way in which it has responded to Europe’s changing role in international affairs. The book covers the Foreign Office’s role in the run-up to war, its subsequent involvement in the conflict and the peacemaking that followed, including the Munich Agreement and the Yalta Conference. The book concludes with an examination of the Foreign Office’s role in post-war Europe and its ongoing influence in current affairs. This book was previously published as a special issue of the journal Contemporary British History.

Origins of the First World War - Gordon Martel - 2013-11-14

This book examines the political, economic and social factors that led to the outbreak of the First World War, including the role of the United Kingdom. It covers the origins of the conflict, the role of the British Empire, and the impact of the war on the countries involved. The book also discusses the war’s impact on international relations and its legacy for future generations.

Imperial Co-history - Julia F. Codell - 2003

This book examines the political, economic, and social factors that led to the outbreak of the First World War, including the role of the United Kingdom. It covers the origins of the conflict, the role of the British Empire, and the impact of the war on the countries involved. The book also discusses the war’s impact on international relations and its legacy for future generations.
World War I. It highlights the difficulties Britain encountered when dealing with its European neighbours and reinforces the need for Britain to have a more proactive and independent foreign policy. The book is written for a broad audience, including historians, students, and general readers who are interested in British history and international relations.

The book begins with a brief overview of the key events leading up to World War I and the role of Britain in the conflict. It then goes on to explore the motivations behind Britain's decision to enter the war, the impact of the conflict on its domestic and foreign policies, and the consequences of the war for Britain and the world. The author, a respected historian, provides a nuanced and thoughtful analysis of the events, drawing on a wide range of primary and secondary sources.

The book's strength lies in its ability to place the events of World War I in a broader historical context, highlighting the long-term effects of the conflict on British society and politics. It is a valuable resource for anyone interested in understanding the complexities of the conflict and its impact on the modern world.

promotes a valuable insight into the complexity of British foreign policy during this brief but crucial period.

After the Great War - Philip Debo - 2016-04-25
At the Paris Peace Conference of 1919, the international community came together to find a way forward in the aftermath of the First World War. The conference was often judged a failure, as the resulting Treaty of Versailles did not bring lasting peace to Europe. This book explores the experiences of the leaders involved, including Britain, in the run-up to the Treaty and the negotiations that led to its final agreement. It provides a valuable insight into the complexity of British foreign policy during this brief but crucial period.

The Origins of the First World War - James Joll - 2013-11-05
James Joll's study is not simply another narrative, retracing the powder trail that was finally ignited at Sarajevo. It
is an ambitious and wide-ranging analysis of the historical forces at work in the Europe of 1914, and the very
different ways in which historians have subsequently attempted to understand them. The importance of the
theme, the breadth and sympathy of James Joll's scholarship, and the clarity of his exposition, have all contributed
to the spectacular success of the book since its first appearance in 1984. Revised by Gordon Martel, this new 3rd
dition accommodates recent research and an expanded further reading section.

Servants of Diplomacy - Keith Hamilton - 2021-01-14
Servants of Diplomacy offers a bottom-up history of the 19th-century Foreign Office and in doing so, provides a
ground-breaking study of modern British diplomacy. Whilst current literature focuses on the higher echelons of the
Office, Keith Hamilton sheds a new light on the administrative and social history of Whitehall which have,
until now, been largely ignored. Hamilton's examination of the roles and actions of the Foreign Office's domestic
staff is exhaustive, with close attention paid to: the keepers of the office, keepers of the papers, the carriers of the
papers and the efforts made to adapt to growing technological changes. Hamilton's exhaustive analysis also
focuses on the reforms of 1905-06 and the Queen's Messengers during wartime. Drawing extensively from
Foreign Office and Treasury archives and private manuscript collections, this is essential reading for anyone with
an interest of British diplomatic history.
